## THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

National Intelligence Council

DDI #3777-82  
7 May 1982

MEMORANDUM FOR: National Foreign Intelligence Board

FROM : Chairman, National Intelligence Council

SUBJECT : NIC Estimates Program, April 1982-March 1983

1. Attached is the final version of the NIC Production Plan for the period ending 31 March 1983. It has been revised following discussion at the NFIB meeting on 27 April.

2. Papers added as a result of the NFIB discussion include a Memo to Holders of SNIE 12.6-82 (Poland); an NIE on Chinese foreign policy; and IIMs on territorial disputes in Latin America, Argentina after the Falklands crisis, and Somalia. Two proposals on Central America have been merged into a single paper; and the scope of a programmed NIE on Soviet economic problems has been broadened to include Eastern Europe.

3. The list is, of course, never really "final;" proposed papers will always continue to be added, changed in scope, or dropped as circumstances warrant. We will circulate another draft revision of the list for your comments in early July.

Chairman
